

TARIFF BILL PASSES SENATE AMID CHEERS

DEMOCRATIC TARIFF REVISION BILL IS PASSED BY MARGIN OF SEVEN VOTES

Senator LaFollette, Republican, Springs Surprise by Supporting Measure—Senator Poindexter, Progressive, Also Votes Aye—As Passed by Senate the Bill Represents An Average Reduction of Nearly 28 Per Cent from the Existing Law.

WASHINGTON, Sept. 9.—The Democratic tariff revision bill passed the senate at 5:43 this afternoon amid a burst of applause that swept down the crowded galleries and found its echo on the crowded floor of the senate. Its passage was attended with surprises in the final moments of the voting, when Senator LaFollette, Republican, cast his vote with the Democrats and was joined a few moments later by Senator Poindexter, Progressive.

The Democrats had counted throughout the long tariff fight upon losing the votes of Senators Ransdell and Thornton, of Louisiana, Democrats, who voted against the bill today because it would put sugar on the free list. Until the names of Senators LaFollette and Poindexter were actually called, however, no one knew definitely the stand they would take and their votes were greeted with enthusiastic applause. President Wilson tonight expressed great gratification over the end of the long struggle in the senate. Senator Simmons, chairman of the finance committee, who had piloted the bill through the finance committee, the Democratic caucus and the senate predicted that its passage would bring immediate stimulus to the business of the country.

Twenty-eight Percent Reduction. As it passed the senate, the tariff bill represents an average reduction of more than four per cent from the rates of the original bill, that passed the house and nearly 28 per cent from the rates of the existing law. In many important particulars the senate has changed the bill that passed the house and a conference committee of the two houses will begin work Wednesday or Thursday to adjust these differences. Leaders of business expected that the conference would consume less than two weeks time.

The senate endeavored today to hasten the bill on its progress to the white house by naming its members of the conference as soon as the bill passed. Vice President Marshall appointed Senators Simmons, Stone, Williams and Johnson, Democrats, and Senators Penrose, Lodge and LaFollette, Republicans, as the senate conferees. Senator Stone withdrew from the committee and Senator Shively was appointed in his place. The house conferees, it was reported tonight, will be Representative Underwood, Kitchin and Rainey, Democrats, and Payne and Fordney, Republicans. Each house will have an equal vote in the conference committee even though each does not name the same number of conferees.

LaFollette Center of Interest. The final struggle began at 4 o'clock, when under a previous argument arbitrary stone began on pending amendments. During the closing hours of debate Senator LaFollette had been the center of interest, proposing final amendments on the cotton and agriculture schedules and discussing some features of the bill which he deemed favorable.

It was nearly 5:30 o'clock when the vice president put the bill upon its passage. Senator Ashurst, first on the roll, shouted loudly "Aye," and the roll call proceeded deliberately until the clerk called "LaFollette." The Wisconsin senator seated in the front row, hesitated a moment. His head was bowed and resting on his hands. He leaned forward a trifle and vigorously answered "Aye."

Sensors Are Applauded. Instantly the applause broke from the galleries and senators on the Democratic side joined in enthusiastic hand clapping, nearly every Democrat on the floor participating in the brief but vigorous applause. When the name of Senator Poindexter, the only Progressive senator, was reached and he contributed his vote for the bill the applause was renewed.

LaFollette Explains Vote. After the vote Senator LaFollette said: "I realize what I did was a political sacrifice, but that which compelled me to vote for the bill. The tariff act of 1909 was but little short of a crime; the bill passed today is not a Democratic measure but a protective measure. Every change made by the finance committee was made by way of adjustment to a protective basis, except such as free wool and free sugar which were determined upon outside. They treated the agriculture schedule, I

regret to say, on a free trade basis and I would have retained more duty on cutlery and some other articles on which there is no data, in order to be sure not to ruin American production. Give the Democrats time and they will put everything on a free trade basis, but they have not done it in this bill."

Poindexter's Statement. Senator Poindexter said he voted for the bill "because it is, as a whole, a better bill than the Payne-Aldrich law, now in force. Furthermore, it contains an income tax which we have been trying to get for 20 years."

When the vote had been announced, Senator Gallinger of New Hampshire, the leader of the minority, was recognized and congratulated Senator Simmons for his "courteous, kindly and considerate manner" in the conduct of the debate.

"The bill itself, is bad," he said, "but its management has been in every way creditable to the majority and eminently fair to the minority."

Senator Simmons expressed his appreciation.

Thornton Explains Stand. Just before the voting on amendments began, Senator LaFollette yielded a few minutes of his time to Senator Thornton, of Louisiana, who was about to desert his colleagues on the roll call. He expressed regret that he felt it his duty to vote against a measure fathered by the party to which he had been loyal for 46 years, but the bill was striking a blow at the great sugar industry of his state and he felt his duty to his state was greater than to his party.

Income tax amendments by Senators Bristow and LaFollette, similar to those they introduced several days ago were defeated by votes of 61 to 38 and 62 to 36, respectively.

Many Amendments Defeated. An amendment by Senator Gallinger that proposed to send the whole tariff question over until December 1914, and submit the bill to a popular referendum next fall, was defeated 63 to 36. An amendment by Senator Catron for 20 percent duty on raw wool was defeated 42 to 35 and general substitute wool schedule offered by Senator Smoot was defeated without a roll call. One important change made on the recommendation of the finance committee gives the secretary of the treasury power to censor all moving picture film imported. An amendment by Senator McCumber, proposing higher duties on barley, oats, wheat and flax seed was rejected 48 to 25 and one by Senator LaFollette for a five cent duty on wheat was defeated without a roll call.

The bill as it passed the senate retained the principal house provision including free sugar and free raw wool but revised other rates still further downward. The average ad valorem rate in the bill now is approximately 26 percent, a decrease of 28 percent from existing rates and nearly four percent lower than the rates of the existing law.

Will Cost Government Millions. Then senate's additions to the free list with 1912 as a basis, will cost the government more than \$44,000,000 by adding a tax of one tenth of one cent a pound on cotton bolls for future delivery; a tax of one tenth of one cent a pound on bananas, restoring the requirement; a full international revenue tax of \$1.19 a gallon on brandies used to fortify wines and by increasing the surtax rates on large incomes, senate leaders believe they have provided an actual increase. That is a point disputed by Majority Leader Underwood of the house.

Important Changes. The senate made these other important changes: Lowered the normal exemption from the one percent income tax from \$4,000 to \$3,000 for single persons; with exemptions for wives and dependent children, exempted the incomes of mutual life insurance companies which revert to the benefit of stockholders; increased the graduated surtax on large incomes to a maximum of six percent on those more than \$100,000; exempted operation of municipalities derived from operation of public utilities and changed the date from which the tax shall be computed for first year from January 1, to March 1, 1913.

Free listed cattle and other live stock, wheat, half of the angus goat and some other agriculture products; restored oat-meal and rolled oats to the dutiable list and provided an elaborate inspection of meat imports.

ROLL CALL ON THE TARIFF BILL

Yeas. Ashurst, Bacon, Chamberlain, Chilton, Clarke of Arkansas, Fletcher, Gore, Hitchcock, Hollister, Hughes, James, Johnson, Kern, Lane, Lomis, Martin, Myers, Newlands, O'Gorman, Overman, Owen, Pittman, Pomeroy, Robinson, Saulsbury, Shafroth, Sheppard, Shields, Shively, Simmons, Smith of Arizona, Smith of Georgia, Smith of Maryland, Smith of South Carolina, Stone, Swanson, Thompson, Lillman, Vardaman, Walsh, Williams, Democrats; LaFollette, Republican, and Poindexter, Progressive—Total, 44.

Nays. Bofah, Bradley, Brady, Brandegee, Bristow, Carlton, Clapp, Clark of Wyoming, Colt, Cummings, Dillingham, Fall, Gallinger, Jackson, Jones, Kenyon, Lippitt, Lodge, McCumber, McLean, Nelson, Norris, Oliver, Page, Penrose, Perkins, Root, Sherman, Smoot, Stephenson, Sterling, Suttheland, Warren, Weeks and Works, Republicans; and Ransdell and Thornton, Democrats—Total, 37.

PAIRED AND NOT VOTING. Burton, Crawford, Goff, Dupont, Townsend and Smith of Michigan, Republicans; Bankhead, Bryan, Culberson, Lea, Thomas and Reed, Democrats—Total, 12.

ABSENT AND NOT PAIRED. Burleigh and Gorman, Republicans—Total, 2.

Vacancy—Alabama, 1.

Reduced house rates on woolen manufacturers to become effective January 1, 1914.

Provided, in the sugar schedule, for immediate abolishment of the Dutch Standard Test, postponed operation of proposed reduced rates until March 1, 1914 leaving the provision unchanged for free sugar in May 1916.

Slightly increased rates on finer cotton goods, re-classifying the whole cotton schedule and changing the silk schedule from an ad valorem to specific basis.

Provided for an administrative force to handle income tax collections without regard to requirements of the civil service.

Struck out a countervailing duty on wool pulp.

Greatly reduced rates of the metal schedule.

Struck out many reform provisions in administrative sections; rejected the anti-dumping clause; the five point tariff reduction on imports in American vessels and the requirement for inspection of books of foreign manufacturers in under valuation cases; but added a provision giving the president authority to regulate against nations which discriminate against American goods by proclaiming increased rates on certain goods, adopted a provision excluding goods manufactured chiefly by child labor and provided for the creation of a commission to revise the customs laws.

President's Statement.

President Wilson tonight, issued the following statement: "A fight for the people and her free business which has lasted a long generation through, has at last been won, handsomely and completely. A leadership and steadfastness in counsel has been shown in both houses of which the Democratic party has reason to be very proud. There has been no weakness or confusion or drawing back, but a statesmanlike directness and command of circumstances. I am happy to have been connected with the government of the nation at a time when such things could happen and to have worked in association with men who could do them. There is very reason to believe that current reform will be carried through with equal energy, directness and loyalty to the general interest. When that is done this first session of the sixty third congress will have passed into history with an unrivaled distinction. "I want to express my special admiration for the devoted and untiring work of Mr. Underwood and Mr. Simmons and the committees associated with them."

Comments on Votes. When the president was asked to comment on the votes of Senator LaFollette and Senator Poindexter he expressed very warm admiration for their "conscientious independence and courage."

The president, while always confident that Democratic majority would be kept intact to insure the passage of the bill by a safe margin, had been hoping for the votes of Progressive Republicans. He told some of his friends tonight that aid of this kind outside of the party ranks was one of the concrete evidences that the Democratic party was progressive. Personally, the president felt happy over the result. He had just returned from the golf links, when Secretary Tamm, who had been an eager auditor in the senate gallery, drove rapidly to the white house and beaming with smiles told the president of the vote. "Great," was the president's first remark as he went to his study and telephoned Chairman Simmons his hearty congratulations.

MRS. THOMPSON KILLED IN AUTO ACCIDENT

CAR RUNS UNDER OAK RAILING AND WOMAN IS CRUSHED

Was Widow of Builder of Scenic Railway—Her Sister Was Thrown Into Soft Meadow and Only Slightly Injured.

CALDWELL, N. J., Sept. 9.—Mrs. Laura Thompson, widow of L. A. Thompson, builder of scenic railways and once proprietor of one of Coney Island's famous amusement parks, was instantly killed late today in an automobile accident near Pine Brook. Her sister, Mrs. H. Boyle, was with her in a runabout, which Mrs. Thompson was driving. Turning out to pass a truck the machine swerved too far and the car ran under a heavy oak railing placed to guard the roadway edge. Mrs. Thompson's body was caught between the car seat and railing and crushed.

Mrs. Boyle was thrown clear of the rail and into the soft meadowland a few feet below. She was not badly injured, but suffered from the shock of seeing her sister killed.

FRANK NORRIS ESCAPES FROM LEAVENWORTH PENITENTIARY

Jumps Into Car of Coal and Is Dumped Through a Chute Outside Prison Walls.

Leavenworth, Kans., Sept. 9.—Frank Norris, who was serving a sentence of twenty-one years in the state penitentiary for robbing the station agent at Linwood, Kans., last December by a shrewd maneuver, escaped from the prison tonight. Norris was employed in the coal mine and while the vigilance of the guards was momentarily relaxed, he jumped into a car of coal and was dumped through a chute into a coal bin outside the prison walls.

He was missed several minutes later and the guards were unable to find a trace of him. The officials considered Norris one of the most desperate men in the penitentiary. He had served a term in the Missouri penitentiary.

MASSACHUSETTS SUMMER RESORT SWEEP BY \$200,000 FIRE

A Church, Six Hotels and 150 Cottages Are Destroyed—Many Hotel Guests Lose All Belongings.

Salisbury, Beach, Mass., Sept. 9.—This summer resort was swept by fire late today and this evening a church, six hotels and 150 cottages being destroyed.

Two hundred thousand dollars worth of property was wiped out within an area three quarters of a mile long and two hundred yards wide.

The Cushing hotel and Annex, the Atlantic House, Castlemona, Hotel Leighton, the new Hotel Comet, the Essex block, a business building, the postoffice building and several beach attractions were destroyed. Many guests in the hotels lost all their belongings.

CHARGE WIFE WITH MURDER.

Chicago, Sept. 9.—Charles Sing, a Chinese, was stabbed to death with a manicure knife, according to statement made in court today by Police Captain Baer, who has investigated the case. Formal charges of murder were made against Mrs. Alice Davis Sing, the white wife of the Chinese. Mrs. Sing was arraigned in court, but was not questioned. Hearing was postponed for two weeks.

RT. REV. J. J. BENNETT RESIGNS

Sterling, Ill., Sept. 9.—Right Rev. J. J. Bennett, vicar general of the Rockford diocese and rector of St. Mary's church at Aurora, has announced his resignation as priest of the Aurora church and also as vicar general because of old age. The resignation was accepted today by Bishop Peter J. Muldoon.

Vicar General Bennett is 70 years of age and has served as a priest for forty years. He will make his home in Aurora.

EXPECT TO RESUME NEGOTIATIONS SOON

Charge O'Shaughnessy Non-Committal As to Whether He Has Been Advised of New Proposal

GAMBOA EXPECTS OVERTURES

Expresses Belief That Such Action on Part of U. S. Is Not Unlikely As Mexico Is Without A Rejoinder to Second Note

EXECUTION OFFICIALLY REPORTED

MEXICO CITY, Sept. 9.—The probability that negotiations between the United States and Mexico would be resumed at an early date was the opinion expressed today at the American embassy, although Nelson O'Shaughnessy, charge d'affaires, was non-committal as to whether he had been advised of a new proposal or officially notified of Washington's determination to make a further effort at adjustment.

It is significant, however, that he has advised President Wilson's representative, Mr. Lind, who is now at Vera Cruz, to return as far as Orizaba, about one-third of the distance to the capital. Mr. Lind seemingly not wishing to come to the capital, until the preliminaries had reached a stage where he felt assured his services could be utilized. Whether Mr. Lind will act on the situation is not at present known. The Mexican minister of foreign affairs, Senor Gamboa, still denies knowledge of the reported official character of Senor De Zamacona's visit to Washington. He pleaded ignorance of the American government's intention to make further overtures, although he expressed the belief that such action on the part of the United States was not unlikely, as Mexico was without a rejoinder to her second note. Mexico, he said, was willing as always to take under consideration any proposition which might be forthcoming.

General Huerta and his ministers are engaged in daily conferences over the character of the message which the provisional president is to deliver at the opening of congress September 16. The message promises to be sensational as it will deal extensively with the relations between the two republics. Senor Gamboa has suspended his customary reception to the public, for the purpose of giving his full time to the preparation of the message.

Washington, Sept. 9.—Administration officials here said tonight that the latest communications between Charge D'Affaires O'Shaughnessy and John Lind probably concerned the visit to Washington of Senor Zamacona, who is due here tomorrow. It was suggested that the American representatives were preparing to ask the officials of the Huerta government about the object of Senor Zamacona's visit, with a view to making it known to the public, for the purpose of giving his full time to the preparation of the message.

The coming of Senor Zamacona is awaited with considerable interest in official circles, although up to this time there has been no notice even of a semi-official character, that he is charged with any mission from the government in Mexico.

Federal Company Executed. Piedad, Nuevos, Sept. 9.—The execution of an entire company of federal soldiers captured after a severe fight near San Buen Ventura, was officially reported to constitutionalist headquarters today by Col. Villareal, in command of a large body of insurgents operating about Monclova.

The federal attachment was met coming out of Monclova, Villareal said, and after several hours' severe fighting, the government troops hoisted white flags and pointed their rifles to the ground in token of surrender. When the constitutionalists approached within a rod, the federalists fired, killing twelve and wounding forty-two men. The fight proceeded without quarter, Villareal reported and on his orders, an entire company captured while retreating towards Monclova, was lined up and shot "because of their bad faith" in the white flag incident.

Reports from Cuatro Ciénegas today said that place recently occupied by the constitutionalists had been recaptured by federalists and a large part of the town burned.

INDICTED AS ACCESSORY.

Atlanta, Ga., Sept. 9.—James Conely, negro, factory sweeper, who testified at the recent trial of Leo M. Frank, convicted of murdering Mary H. Phagan, that he helped Frank dispose of the girl's body, was indicted today as an accessory to the murder and with concealing knowledge of the crime. Frank is under sentence to be hanged Oct. 10 for the murder.

Kansas City, Mo., Sept. 9.—Rains were reported from northern Oklahoma and central western Missouri, southern, eastern Kansas this afternoon and tonight. Some parts of Kansas have received a rainfall of four inches since the rain began falling yesterday morning.

GERMAN AIRSHIP IS WRECKED IN HURRICANE

LIFE LOSS VARIOUSLY ESTIMATED AT FROM THIRTEEN TO SIXTEEN

Among the Dead Are Capt. Metzger and Capt. Hanne—Torpedo Boats Rescue Seven—Was Engaged in Reconnaissance Work.

BERLIN, Sept. 9.—Germany's ambition to maintain a squadron of airships as a adjunct to the navy met a rude check tonight in the destruction of the L-1, in a hurricane in the North sea. The loss of life is variously estimated but from thirteen to sixteen, among the dead being Captain Metzger, commander of the marine airship Division, Captain Hanne, commander of the L-1 and Baron Von Meitzahn. An attempt will be made tomorrow to raise the airship.

Torpedo boats were immediately despatched to the scene and rescued seven of the crew. Fifteen others are reported missing and it is almost certain they perished as the airship remained afloat for not more than an hour. The hurricane came on so suddenly that it was impossible for the commander to reach a landing.

The airship was engaged in reconnaissance work in connection with the torpedo boat maneuvers. She was equipped for a thirty-hour cruise, was on a full war footing and observing the conditions of actual warfare.

The airship kept at a height of between 4,200 and 5,000 feet. The cold atmosphere caused a heavy loss of gas and as she was overloaded, the airship had already become unmanageable when the storm struck it suddenly from the north. When the crew saw danger approaching, a wireless message was sent asking for help and indicating the intention of landing on the water behind Helgoland.

The torpedo boats rushed to the assistance of the airship and gave the signal "cast out entire water ballast." The airship, however, failed to respond and fell swiftly to the sea. Most of the officers remained in the cabins, not expecting a catastrophe and they were crushed under by the weight of the craft and drowned. Others jumped into the water and some of them were rescued.

EARL COOPER WINS TWO LONG DISTANCE RACES AT CORONA

Waterman Sets New World's Record For Cars Up To 231 Cubic Inches Piston Displacement—Several Persons Injured.

Corona, Cal., Sept. 9.—Earl Cooper won the two long distance motor races on the speedway here today. He won the medium car race of 251.97 miles in three hours, 21 minutes and 39.15 seconds. Then, without halting he continued on to capture the free-for-all of 391.81 miles in four hours, 2 minutes and 58 seconds.

The small car race went to Edward Waterman of Fresno, Cal., a 20 year old student of the University of California, who drove the 102.45 miles in 1:37.26.

Waterman's speed averaged 63 miles an hour, which is a new world's record for cars up to 231 cubic inches piston displacement. The old mark was 61 miles per hour. Cooper in the free-for-all averaged 74 1/2 miles.

William Warren, mechanic for William Rhodes, whose car turned turtle in the small car event after a steering knuckle had been broken was seriously injured that he was still unconscious tonight. Several persons were injured during the races.

SPARKS FROM THE WIRE

ST. LOUIS, Sept. 9.—Five striking garment workers, two of them girls, were arrested tonight following a resumption of hostilities between the strikers and strike breakers and the private detectives engaged to protect them.

LYONS, France, Sept. 9.—A monoplane driven by Aviator Chonidnie fell today. The pilot was killed.

NEW YORK, Sept. 9.—Dr. Walter M. Fleming, one of the founders of the order of the Nobles of the Mystic Shrine in America, died today at Mount Vernon. He was 75 years old.

SEBASTOPOL, Russia, Sept. 9.—The military aviator Druschin fell today while making a flight and was instantly killed.

ST. LOUIS, Sept. 9.—The Thompson hotel at Marissa, Ill., about 25 miles southeast of here, burned today. Many of the guests were carried out in their night clothes. None were injured.

ST. LOUIS, Sept. 9.—As a result of recent contract with United States government \$1,000,000 worth of sealions from the government's catch of Alaskan seals arrived in St. Louis today. There were 2,296 pelts in the lot.

WASHINGTON, Sept. 9.—The discovery of three counterfeit national bank notes, one of them regarded as a dangerous deception, was announced tonight by W. H. Moran, acting chief of the United States secret service.

FOUR FATALY HURT IN MISSOURI WRECK

Missouri-Pacific Passenger Goes Through Bridge East of Booneville—Thirteen Others Injured

STEEL TRAIN SAVES SCORE

Pennsylvania's New York Flyer Ditched by Raised Rail While Running At A Terrific Speed—Eighteen Are in Hospital

SIX COACHES ARE TURNED OVER

ST. LOUIS, Sept. 9.—Seventeen persons were injured, for of them perhaps fatally when Missouri-Pacific passenger train which left Kansas City at 6:30 this morning was derailed on a small bridge four miles east of Booneville, Missouri, this afternoon.

The engine and baggage car broke down the bridge and fell into the creek fifteen feet below. Two passenger coaches left the track but did not fall into the creek.

The seriously injured are: Engineer C. L. Pettitt, internal injuries.

Conductor R. H. Beard, arm broken, legs lacerated.

Fireman P. H. Schriber, face and body scalded.

Frank B. Miller, three ribs broken, wrist sprained.

All are residents of Jefferson City, Mo.

The cause of the wreck has not been learned.

Steel Train Saves Score.

New Madison, Mo., Sept. 9.—An all steel train probably saved a score of lives today when the Pennsylvania's New York flyer due in St. Louis at 6:30 this evening was ditched by a raised rail near Wylie's station, four miles west of here today and 35 persons were injured. Three, it is believed, were fatally hurt and eighteen are in a hospital at Richmond, Ind. tonight.

Running at a terrific speed to make up lost time, the fast train struck the defective rail on the Columbus and Indianapolis division of the Pennsylvania railroad about fifty feet from the approach of a small steel bridge located at the edge of Wylie's station. The train ran along the cross ties until the engine hit one side of the bridge tore it from its foundation and fell with it half a dozen feet to the creek bed. Six steel coaches were flung to the other side of the track and turned over in a corn field, the first car on the edge of the little stream. Two rear coaches, an observation diner and a Pullman, remained upright on the track bed.

Those believed to be fatally injured are: W. Tharp, fireman, Columbus, Ohio.

George B. Wright, St. Louis, manufacturer.

George Walker, colored, porter, Columbus, Ohio.

None of the steel coaches was much damaged. Injuries to passengers were caused almost exclusively by falling and being thrown about in the coaches, though some were cut by flying debris.

Railroads Urge Investigation. Chicago, Sept. 9.—Representatives of eleven railroads today sent a long telegram to the commissioner committees of the senate and house and to the inter-state commerce commission, urging the members to make a full investigation of the causes of railroad accidents before undertaking any legislation to prevent wrecks.

The telegram stated that while all railroads were replacing their wooden cars with steel cars as fast as possible, a law demanding that the wooden cars be done away with at once, would cost the roads \$633,000,000.

The roads also declared that records showed that 92 percent of the number killed by the railroads each year are not killed in train accidents but the greater number were trespassers.

MADDO DENIES REPORTS.

Washington, Sept. 9.—Secretary McAdoo, in a statement tonight, denied reports that the National City bank of New York had been vindicated by the treasury department's investigation of charges of violating its charter in financing a \$44,500,000 loan to Chicago traction interests and especially announced that the government's investigation had not yet been concluded.

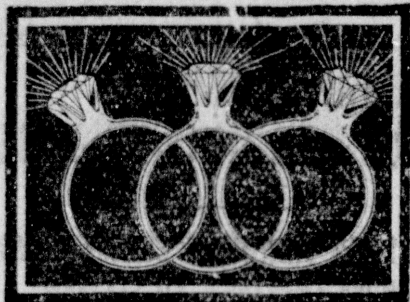

WEATHER INDICATIONS AND TEMPERATURES

Washington, Sept. 9.—For Illinois: Fair and warmer Wednesday; Thursday unsettled with showers, cooler by night in north and central portions; moderate east to southeast winds.

Temperatures. Chicago, Sept. 9.—The current, maximum and minimum temperatures for today were:

| | Current | High | Low |
|---------------|---------|------|-----|

INTEREST INCREASES IN I. C. M. S. CONVENTION

OVER THREE HUNDRED DELEGATES ATTEND SESSIONS TUESDAY.

C. W. B. M. Elects Officers for En- suing Year—Bible School Confer- ences Begin—Helpful Addresses by Secretary and President.

Three hundred and twenty-six delegates were present Tuesday at the first full days' session of the Illinois Christian Missionary society. As before announced, the morning and afternoon programs were given by the ladies of the state C. W. B. M. At the evening session addresses were made by the president and secretary of the missionary society, preceded by a beautiful song service.

The auditorium and gallery of the Central Christian church was filled almost to full capacity and nothing was lacking in the excellence of program and the enthusiasm and interest shown the second day of the sixty-third annual convention.

The New Officers.

The nominating committee which is elected at the annual district conventions, one from each missionary district, made its report through its chairman, Mrs. C. B. Jackson of Chicago, as follows:

President—Mrs. Laura Thompson Porter, Rantoul.

Vice president—Nina Hale Boyd, Athens.

Corresponding secretary—Jennie Call, Springfield.

Recording secretary—Bertha Pease, Latham.

Treasurer—Miss Henrietta Clark, Jacksonville.

Advisory board—Zaid Snively Pike, Lewiston; Anna Barber Colegrove, Taylorville; Olive Pope, Duquoin.

Member national nominating committee—Mrs. S. J. Russell, Chicago.

The Report on Resolutions.

After the report of the nominating committee had been accepted the report was read of the committee on resolutions, consisting of Mrs. J. A. Barnett, chairman; Minnie M. Dalley, Maude H. Littlepage, Jennie W. Parks and Jennie Call.

After the business session the address to have been given by Mrs. Maude Ferris of Taylorville, whose absence because of sickness was unavoidable was given by Mrs. Catherine Lindsay of Springfield. This was a followed by a very inspirational address by Mrs. W. J. Bruner missionary from Argentine, South America, under the C. W. B. M. She and Mr. Bruner are home on a furlough after seven years spent in the capital city of Argentine, Buenos Ayres.

The President's Address.

The first address of the evening session Tuesday was made by W. W. Weedon of Mt. Carmel, the president of the Illinois Christian Missionary society. The afternoon session had completed the part of the convention under the auspices of the C. W. B. M. and the beginning of the program at 7 o'clock marked the opening of the sessions of the I. C. M. S.

The Secretary's Message.

"If I were to take a text," said J. Fred Jones, the secretary, in his message to the convention, "it would be the passage, 'And ye shall know the truth and the truth shall make you free.' If I were to take my text, I should call it 'The Church and its task'."

Commercialism was asserted by the speaker to be one of the greatest hindrances to the work of the church today.

The New Committees.

At a short business session at the close of the address of Secretary Jones the selection of the following committees for the ensuing year was reported:

Nomination—J. W. Agee, Gilbert Jones, J. A. Barnett, G. W. Morton, W. S. Rounds.

Resolutions—J. G. Waggoner, W. W. Denham, Ralph Callaway, Geo. T. Smith, H. H. Jenner.

Time and place—W. S. Gamboe, Gilbert Jones, C. W. Cunningham, H. J. Reynolds, C. R. Gains.

Recommendations of the board—J. I. Gunn, W. B. Slater, J. B. Dickson, G. W. Wise, C. E. French.

Credentials—J. D. Dabney, L. Hadaway, J. H. Stambaugh.

Enrollment—G. B. Williamson, J. L. Fisher.

Outbursts—J. H. Smart, T. T. Holton, N. S. Haynes.

Auditing—C. N. Metcalf, William Hipsley.

Order of business—S. E. Fisher, J. H. Rosborough, E. A. Gilliland.

Eureka College Banquet. Announcement was made of the program for the Eureka college banquet at 8:45 this evening at Grace church. It will be as follows:

A Message from the New President—H. O. Pritchard.

The Present Standing of the I. C. M. S.—Luceba E. Miner.

My Impressions of Eureka College—J. H. Rosborough.

Eureka College and Public Education—George W. Brown.

The College Paper—Guy L. Zerby.

The Next Step in Increased Endowment.

The Morning Session.

The Tuesday morning sessions of the state convention of the Illinois Christian Missionary society which are being held in the Central Christian church, began with a devotional service led by Mrs. Adelia Roberts, of Chapin. The entire morning was given up to the reports of the state officers. Miss Effie Gaddis, of Griggsville, superintendent of Young People's work reported a prosperous year with several new societies of juniors organized and growth in the old ones. Miss Henrietta Clark, of this city, the state treasurer, reported one of the best years in the history of the state work. The amount of money raised for national work was \$20,000, a

decided gain over the previous year. The amount for the state work was less than the aim for the year, but a gain of \$97 over the previous year. The total gain in receipts for the year was \$2,845. The churches that raise as much as \$600 are counted as Living Links and support their own missionary on the foreign field. The following churches are in that column: Champaign, Harris, Bloomington First and Bloomington Second, Jackson Boulevard, Chicago and Eureka.

Mrs. Laura Thompson Porter, of Rantoul, the retiring corresponding secretary, made a comprehensive report of the work of the past year and of the whole time she has been the secretary. Her work has been very effective during the years and to her is due much of the success of the growth.

Mrs. Carrie F. Zeller, the retiring president, gave a comprehensive report for the service she has rendered during the four years of her presidency.

The closing number on the morning program was the very interesting address by Mrs. Mary B. Thornberry of this city. Her theme was Missionary Social Union and in her plea that the women exert every influence in their own communities for a closer relation with sister societies in the advancement of the kingdom, she only voiced the keynote of the movement of the Disciples of Christ.

The Afternoon Program.

At the beginning of the afternoon session three simultaneous Bible school conferences were held for one hour. This feature is to be repeated an hour before every session save the night programs until the close of the convention. These conferences have been arranged by Clarence L. DePew, state superintendent of Bible schools, who has secured the very best talent obtainable for each section of the conference. In the elementary conference Miss Lillie Paris, of Ohio has charge, while in the secondary conference Miss Cynthia Pearl Mans of St. Louis has charge. After today in adult conference, E. J. Meacham, of Ohio, will have charge. Today in his absence, J. T. Nichols, of Canton, Ohio, lead a splendid discussion of the adult class with its problems.

The afternoon devotions were led by Mrs. Gardner and the business of the convention which consisted of reports of various committees were presented and adopted. They were: Watchword and Aim. For watchword the committee reported "Loyalty to Christ and His Word." For aim, \$25,000 for national work and \$5,000 for state work, with 7,000 women enrolled taking at least 3,500 copies of the Missionary Tidings, the official paper of the society.

The program today and tomorrow will be:

COUNCIL TO BEGIN FRANCHISE TALK TODAY

ALL UTILITY MEASURES ABOUT READY FOR THE CONFERENCE.

Trades Council Files Petition Favoring Erection of Eighth Grade Building—Poll Tax Delinquents Will Be Forced to Pay Up—Health Warden's Report.

An adjourned meeting of the city council was held Tuesday morning. At this session it was decided that informal consideration of the utility franchises will begin Wednesday morning at 9:30 o'clock. The railway and gas franchises have been finished by City Attorney Thompson and it is expected that the electric ordinance will be ready today. A meeting this morning will be simply in the form of a conference between the council and W. B. Miser, superintendent of the Jacksonville Street Railway and Light company. From all indications the special point of difference between the council will be the price of gas. The council wants \$1.00 gas and the company is unwilling to concede this price. Mr. Miser argues that what the city really needs is better gas and not lower rates.

The council session was called to order about 10:20 and the roll call by Mr. Pyatt showed all members present except Commissioner Engel, who did not return from Chicago until Tuesday afternoon. The minutes were read and approved and a communication was read from residents of Pine and Railroad streets asking the council to cause a hedge which surrounds property there to be properly trimmed. This petition was signed by A. J. Alvies, J. A. Goes, A. R. Nunes, John Martin, John Vieira, Ira Austin, G. A. Pitta, A. B. Herman, J. F. Rodriguez, M. De Freitas, John De Freitas, B. F. Math, E. N. Salby, J. L. Vieira and J. W. Bryson.

Trades Council Favors Building.

A petition was presented signed by representatives of the Building Trades Council asking that the city council rescind its action in regard to the school board tax levy. The petition asked that the council pass favorably upon the eighth grade building fund on the ground that the work is now greatly needed by the mechanics in all lines of trade and asserting that the building, according to the statement of contractors can be erected now at a less cost than would be true next spring or at some later date. This petition is signed by E. E. Goheen, representing the painters; M. McNamara, for plumbers; John Landers, for hod carriers; E. Corbridge for carpenters; C. Johnson, for tinners; Walter Brown, for bricklayers, and the signatures of Ira Patterson, president, and Frank Hayden, secretary, of the Allied Building Trades.

Commissioner Newman said that residents in the vicinity of the Jacksonville Packing plant are preparing a petition which will be presented later on asking some relief from the odors from that plant.

Will Collect Poll Tax.

Commissioner Newman also brought up the matter of the poll tax, stating that there are 1,052 citizens eligible to the poll tax who have not made payment and he thought steps should be taken by the police department to enforce collection. The matter has thus far been handled by the superintendent of streets and Mayor Davis stated that the work should properly be done under the direction of the superintendent in accordance with the city ordinances.

Commissioner Newman thought that after the superintendent of streets had made an effort to collect without success that it was the duty of the police department to prosecute if necessary.

Commissioner Knochenberg recalled the fact that when the notices were sent out last year to delinquents threatening arrest that they were signed by the acting superintendent of streets. It was the understanding that the superintendent of streets will again take up the matter and give delinquents a final notice before starting any action to enforce the collection. It is the feeling of all the council that every citizen who comes under the law should make payment of this tax.

Mayor Davis asked what the committee appointed to make improvements in the park grounds had to recommend. This committee consists of Commissioner Newman, Knochenberg and Brennan and the other members insisted that they were waiting until Mr. Brennan, "the architect" of the council had time to draw some plans. The mayor said as Mr. Brennan had about all he could handle for some time to come with the light and water departments, he guessed more time would have to be granted.

Franchise Debate to Open Today.

Mayor Davis stated that he had from the city attorney copies of the proposed railway and gas franchises for all the members of the council and suggested that the commissioners look them over and meet today for an informal conference with Mr. Miser. He said that probably by that time that the city attorney would complete his light franchise as he was now simply engaged in making some slight changes. After some discussion as to whether a meeting would be held this morning at 7 o'clock, or some later hour, it was agreed that the session begin at 9:30 o'clock and continue indefinitely. It is likely that Mr. Chubbuck will be requested to come down for a later conference, but not until the commissioners have practically come to an agreement.

The report of Dr. A. M. King, health warden, for the past month showed the total number of deaths as 44. Of this number 34 were male

and 10 were female. The deaths in the city were 27; outside of the, 3; at the insane, 14. Divided by wards the deaths were: First, 14; second, 2; Third, 3; Fourth, 22. The ages were as follows: Under 1, three; 5 to 20, two; 20 to 50, twelve; 50 to 70, twelve; over 70, fourteen.

W. T. Dyer, justice of peace, filed his report for August showing total collected of \$234.25. The fines were \$162.45; city costs, \$25.10, and justice of peace costs, \$46.70.

LONG HORNED CATTLE FAST DISAPPEARING

One of the 101 Ranch Owners Says They Are Only Freaks Now.

Joseph C. Miller, head of the 101 Ranch Wild West, which exhibits in Jacksonville next Tuesday, Sept. 16, afternoon and night, and one of the three brothers who own and manage the noted 101,000 acre ranch at Bliss, Okla., from which the show derives its name, says that it will only be a few years before the long-horned cattle are entirely extinct. Even now, he says, they are only freaks.

"There was a time," says Mr. Miller, "when thousands of long-horned cattle roamed the prairies of Mexico and Texas. According to well authenticated tradition the original long-horned cattle brought to America were pure Andalusian, and were brought to Mexico by Cortez in order to insure sustenance for his soldiers. Their progeny gradually became wild and roamed all over the country. In the early days in Texas they were more or less domesticated, and became an important part of the ranch products of the country. The long-horned steer, in his natural state, is, however, lean and cadaverous, and in order to make a better seller the long horns were crossed with short horns, and in this way the long horns of the old stock were gradually eliminated. It is no longer possible to raise long horned cattle, and when the great spreading horns occur it is simply a deviation to first principles. It will not occur more than once in thousands of cattle, even though they have descended from the old Mexican stock."

There is a bunch of long horns in the 101 Ranch show, it is announced but they have been sought for and selected with infinite care. Among the 15,000 head of cattle on the 101 ranch, only five long horns were secured last year. One of the long horned steers with the show is valued at \$1,000, and another thousand. It is announced, would willingly be paid for another steer with the same expanse of horns. The long horned steers are used in the round-up, one of the exciting events of the show.

The new auto polo game, which is this year's special "thriller," will be seen at both performances.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

HOT WEATHER AND DROUGHT CAUSE CORN LOSS OF 421,000,000 BUSHEL DURING AUGUST--WHEAT CROP GREATEST EVER

CONDITION OF CORN CROP SEPT. 1 INDICATES HARVEST
THIS YEAR WILL BE 2,351,000,000 BUSHEL

Government's Monthly Grain Report Shows A Decline in Condition of Corn This Season Amounting to 666,000,000 Bushels
--Experts Estimate That Combined Crop of Winter and Spring Wheat Will Be 754,000,000 Bushels, the Greatest Crop Ever Produced in This Country.

Washington, Sept. 9.—Hot weather and drought have played havoc with the nation's corn crop, causing a loss of 421,000,000 bushels between Aug. 1 and Sept. 1, according to the government's monthly grain report, issued today. Since the first estimates of the prospects of corn this season were made there has been a decline in condition amounting to 666,000,000 bushels and from the prospects indicated by the condition of the crop on Sept. 1, the harvest will be 2,351,000,000 bushels.

An increase in the estimate of the spring wheat crop places that at 243,000,000 bushels, making the combined crop of winter and spring wheat of the country 754,000,000 bushels, the greatest wheat crop ever produced, exceeding the record crop of 1901 by 6,000,000 bushels. The condition of white potatoes deteriorated to such an extent that the August estimates of that crop were reduced by 14,000,000 bushels to 325,000,000 bushels.

LUKEMAN BROS.

LYNNVILLE.

Miss Catherine Milburn of Jacksonville spent a few days last week with Mildred Gibbs.

The schools opened here Monday with Mr. Tinsdale in the advanced course and Miss Sallie McKinney in the primary.

C. H. Gibbs and family, Miss Nettie Hill, Roy Heaton, and Mrs. M. C. Heaton went to Franklin last Wednesday, where they were the guests of friends at a picnic at the club grounds there.

Mrs. G. W. Burnett and children, Dove and Lester, returned Friday from a visit with friends at Lewistown.

Mr. and Mrs. David Brewer have gone to Peoria to visit their son, Ezra.

The annual sand hauling for the village was last Tuesday, at which time 80 loads of gravel were hauled. Burgoo soup was served for dinner and supper and we had an enjoyable as well as profitable day.

GIRLS! GIRLS! TRY IT
BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy, Lustrous and Remove Dandruff—Real Surprise For You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandarine hair cleanse." Just by this moisture a cloth with a little Dandarine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandarine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet—really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandarine from any drugist or toilet counter and just try it.

JACK STOUT MAKING SUCCESS IN THEATRICAL WORLD.

Former Jacksonville Boy Is Managing McIntyre and Heath in "The Ham Tree."

Major William H. Dalton is in receipt of a letter from "Jack" Stout, written from Toronto, Canada, where Mr. Stout and his attraction, McIntyre & Heath, in the "Ham Tree" are appearing this week. The many friends of "Jack" in this, his home town, will be pleased to hear of his steady advance in his chosen profession. This attraction is one of if not the largest and best on the road, and is backed by John Cort, whose personal representative is Mr. Stout. The company embraces seventy people and the entire production was staged by the master craftsman, Ned Wayburn. McIntyre and Heath long ago won the first place in the ranks of delineators of the real negro character and appeared several times here in Strawn's opera house. Their present vehicle has served them long and well, and this revival is a result of a steady demand for it. Mr. Stout speaks with confidence of the success of the revival, \$2,500 being in the house on the opening in Toronto. He has been with most of the big people, Frazee, Lederer, and others, and enjoys the confidence and esteem of men worth while in the theatrical world. The "Ham Tree" will probably be seen in Chicago and St. Louis before the season is very far advanced. If it could be brought to this city we doubt not that all records at the Grand would be smashed.

DENHAM RELEASED ON BOND.
W. S. Denham, who was arrested Monday on a charge of conspiracy against an insurance company in connection with the recent fire at Nortonville, and who was placed in the county jail in default of bond, was released on \$1,000 bond Tuesday, with A. A. Kemp as surety.

MOST PROTECTION GIVEN TO RESIDENTS OF CITIES

Dr. Alsberg of Department of Agriculture Points to Defects in Health Laws—Made Address Before Health Association at Colorado Springs.

Colorado Springs, Colo., Sept. 9.—City dwellers alone are protected by the federal pure food law, according to Dr. Carl L. Alsberg, chief chemist of the department of agriculture, who told delegates to the annual convention of the American Public Health Association today that the health interests of rural communities were being sacrificed to the great centers through the inaction of state health authorities. He reminded them that federal control was limited to interstate commerce and had no authority to undertake inspection of food within the borders of any state.

"The probability, therefore," said Dr. Alsberg, "is that there are upwards of 70,000,000 of our 91,000,000 people who have no efficient and systematic protection from the major causes of the spread of typhoid, tuberculosis, deadly intestinal diseases of infants, scarlet fever, septic sore throat, trichinosis and other ailments resulting from the circulation of disease-producing organisms."

Law Enforcement Needed.
The solution of the problem, the speaker urged, was to be found in a more rigid and energetic enforcement of state health laws.

A factory may be run under the most unsanitary conditions," he continued, "milk may be done by a man recovering from scarlet fever, or milk may be produced on a farm where a member of the family is suffering from typhoid, and the federal authorities have no power to act. Even if these products are shipped across a state line and samples are taken, there is no method for analyzing a product which can supply evidence that the food is produced in unsanitary ways or within contaminating reach of epidemic or endemic diseases. State authorities, however, can enter these factories, need not wait for shipments to cross state lines and therefore, provided only that their laws are effective and the funds at their disposal adequate, can prevent the sale of these deadly unlabeled foods."

Products Need Watching.
The products Dr. Alsberg considered most dangerous, and, therefore, which should be most carefully watched did not enter largely into interstate trade. They included milk and other dairy products, water, fish and shell fish, candy and, in fact, "all food that is eaten raw or is shipped exposed to the air."

With the declaration that the pure food law was "largely an economic measure," in that it compelled principally accurate branding of goods entering into interstate commerce, Dr. Alsberg said the department of agriculture is considering an extension of its powers in order to protect further the rural communities.

"The department feels it should give more attention to the protection of these communities," he said, "this means that the work hitherto largely confined to detection of the presence of preservatives in labeled foods which do not carry organic diseases, and the prosecutions for misbranding which might work a monetary fraud on the consumer, should be widely and rapidly extended to the foods which can transmit and which do transmit serious diseases. Plans for extending this work to interstate shipments of milk all over it is the plan of the department to do more than exercise merely control over interstate shipments."

Russell Yields But Six Hits and Only One Athletic Reaches Third Base—Bodie's Single and Home Run Are Responsible for Chicago's Run.

Philadelphia, Pa., Sept. 9.—Bodie's stick secured a victory for Chicago over Philadelphia here today by 2 to 0. Bodie scored in the second inning on a home run drive into the left field bleachers and his single in the fourth session tallied J. Collins, who had made three bases on a nuff by Oldring. Philadelphia got men on the bases in every inning, but only one of them reached third. Score:

LORD DEWEY WINS EMPIRE STATE STAKE

CAPTURES FIRST PLACE IN
BITTERLY FOUGHT RACE AT
SARATOGA.

Winner Is Forced to Go Five Heats to Get the Decision From Geer's Speedy Trotter, Reusens, in the 2:14 Trot, the Feature Race of the Day.

Saratoga, N. Y., Sept. 9.—In one of the most bitterly fought races ever held at the New York State Fair track Lord Dewey captured first honors in the Empire State's stake at the Grand Circuit meeting this afternoon. Closely pressed by Reusens, Geer's speedy trotter, the fleet Lord Dewey was forced to go five heats to win the decision and the \$10,000. The summaries:

2:14 trot, Empire State stake; 3 in 5; purse \$10,000; 11 starters: Lord Dewey, b. h. by Admiral Dewey-Ex-tacy (Snedeker) 1 1 3 8 2

Great Western Circuit.
Milwaukee, Sept. 9.—With a fast track, small crowd and smaller fields, the second day's racing of the Great Western Trotting association at the Wisconsin State Fair track today developed nothing exceptional.

Summaries:
2:30 trot; purse \$1,000; Pine Knot (Rae), won in straight heats; Howell, second; Miss Pugh, third. Best time, 2:15 1-4.

2:10 pace; purse \$1,000; Black Squaw (Erwin), won in straight heats; Star Brno, second; Agnes K., third. Best time, 2:09 1-4.

Three year old pace; purse \$800; Little Bernice (Wilkins), won in straight heats; Direct Country, second. Best time, 2:14 1-4.

SENATORS DEFEAT NAPS TWICE

Washington, Sept. 9.—Washington ran away with both games from Cleveland today and in both marked up rather one sided scores—the first 8 to 1, the second 8 to 2. The locals secured 22 hits in the two sessions to Cleveland's nine. Scores:

First game—R. H. E.
Cleveland 001 000 000—1 4 3
Washington 001 203 20—8 13 1
Batteries—Gregg, Cullop, James and Carisch, O'Neil; Boehling and Henry.

That Los Angeles preliminary court jury did not swallow the dope of the lawyers for the defense to the effect that "Bull" Young's death was caused by a surgeon's knife. Willard, McCarey and ten others, managers, referee, timekeeper, seconds, etc., have been held in bonds to stand trial in the Superior court upon a charge of second degree murder.

George Mullin, famous ex-Tiger slab artist, who was supposed to be with the Toronto International team, is according to press dispatches barnstorming in the provinces of Michigan. Reports have him pitching for the Tom Stephens millionaire nine from Okego. On Monday it took him twelve innings to trim a scrub team in Saginaw 4-3. The Hoosier in the past was one of the best in the business. Early this season Jennings sold him to Washington; but the pace had become too swift, and in mid-season he was discarded to the minors.

Heine Peltz, former receiving end of the famous No. 2 pretzel battery, Breitstein and Peltz, will annex the package of trouble Charley Carr dropped at Kansas City. Heine knows baseball and baseball players, and if given his own way Kansas City some day will have a ball team.

Money is so easy up in Canada that all of the has-been knights of the padded mitts who try for it are now swinging around the circle with the jingle of it in their pockets, and huge chunks of ice on their shirt fronts and upon their fingers. Harry Forbes, ex-bantamweight champion, who has been dead (pugilistically) for years, is one of the comb-akes. He has signed to meet another "fish" at Winnipeg Sept. 29. It is all right in Winnipeg—the shock will not reach this distance.

That noise last week announcing a meeting in Paris in December between Jack Johnson and Sam Langford was only a zephyr wafted from the Carolina coast hurricane. This week the winds are off the Boston harbor light, and are softly singing about a match between the expatriate black and Frank Moran, the Pittsburgh ex-puddler, for the world's heavyweight championship. This latest match also is scheduled to come off in December and in Paris.

The season is breaking rocky for Buck Rourke and his Western league team. The Omaha mogul has unconditionally released Charley Babb from his managerial duties in an effort to reduce expenses. The Lure across the Father of Waters from Iowa has been sorely afflicted this season by fires and by cyclones and has come from beneath the ruins with a smile; but a punk ball team "mashes it up."

Anthony Comstock last week started something in New York against the gamblers on baseball that the federal government is going to finish. Hettinger, the book-keeper, whom Comstock had arrested for conducting a lottery upon the results of the major league games, pleaded guilty in a Gotham police court and was paroled on a suspended sentence. Uncle Sam immediately grabbed him, and now he will have to answer a charge of using the mails to defraud.

Frank L. Chance, Yankee manager, was 36 years of age yesterday. The "peerless" one was born in Fresno, Cal., Sept. 9, 1877. His baseball career, after quitting Washington College (Cal.) in 1896 was started at Sullivan, Ill., where he played semi-pro ball before coming to Chicago in 1898. He played the Cub outfield and backstopped until 1902, when he was put at the initial sack. In 1905 he was made manager and won four National league pennants and two world's championships before being released at the close of last season.

Some of Chicago's west side fans are trying to fan themselves into the belief that the Cubs will overtake the Giants before the season's close. With only twenty-one games yet to play and twelve and one-half games behind McGraw, the Murphy band may as well console themselves with a hope of leading the Callahanites in the Windy City championships. If Big Ed Walsh in his work-outs on the present eastern trip finds his good right wing in working order, they also can abandon that hope.

RED SOX WIN ELEVEN INNING CONTEST.

Boston, Sept. 9.—Boston won today's game 3 to 2 at the end of eleven innings. Each club used two pitchers and Detroit's ten hits were matched by an equal number to the locals' credit. Score:
Detroit 000 000 001 00—2 10 0
Boston 101 000 000 01—3 10 2

Batteries—Grover, Duhac and McKee, Gibson; Moseley, Hall and Cady.

SUPERRAS TRIM PIRATES.

Pittsburgh, Pa., Sept. 9.—Brooklyn defeated Rube Robinson, Pittsburgh's big left hander, for the first time in three seasons this afternoon, 2 to 0. Score:
R. H. E.
Brooklyn 000 020 000—2 8 3
Pittsburgh 000 000 000—0 7 2

Batteries—Vingling and Fischer; Robinson, Conner and Simon, Kelly.

BROWNS LOSE BY LEVERENZ WILDLNESS

New York, Sept. 9.—Leverenz' momentary wildness cost St. Louis today's game with New York, the locals winning 6 to 5. Score:
R. H. E.
St. Louis 003 001 010—5 11 1
New York 001 120 01—6 8 0

Batteries—Wellman, Leverenz and Agnew; Fisher and Sweeney.

Why Not Build?

Not in many years has there been so few vacant houses in Jacksonville. We could have rented not less than 25 cottages more than we had vacant during the month of August. The demands thus far exceeds the supply. Four and five room houses, rented, bring good returns. Builders are willing to work cheap just now. We can sell you some excellent lots at bargain prices. A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are always better than all other soda crackers, always of unvarying goodness.

The name "Uneeda"—stamped on every biscuit—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked. Five cents.

NINETIETH CONFERENCE OPENS AT SHELBYVILLE

PRACTICALLY ALL MINISTERS ARRIVING FOR THE OPENING SESSION.

Educational Banquet Will Be One of the Most Notable Events of the Week—Bishop McDowell to Preach Sunday in Chautauqua Auditorium

(By C. R. Morrison.)
Shelbyville, Ill., Sept. 9.—(Special to Journal)—The hymn used at the initial service of Illinois conference tonight is the product of two of the young members of the conference well known in Jacksonville. Rev. C. Dufay Robertson of Heyworth, whose poetic genius has frequently found expression in the columns of the Methodist church press wrote the words, while music has been prepared by Rev. Albert M. Ewert, pastor of the Methodist church of Pawnee, and son of Dr. A. L. Ewert, formerly pastor of Centenary church, Jacksonville, now District Superintendent at Bloomington. Two other hymns, have been written by Mr. Ewert to be used at the ordination service, and the other entitled "Victory" to be sung at the closing session.

Conference Hymn.
The address by Dr. M. S. Rice of Duluth, Minn., was upon the popular but uncanny subject: "The Devil take the Hindmost." It was an urgent appeal to hushie else take the consequences. Dr. Rice is to speak to the conference each afternoon during the week and brings a message to the ministry concerning the work of the church. The above mentioned hymn is as follows:
Again as turns the rolling year,
Within Jehovah's courts we stand
All brothers who assemble here,
And brother clasps a brother's hand.

We come from fields of fertile soil,
From where the stones have cut
Our feet,
From where the briars hinder toil,
From highways hardened in the heat.

We sowed the seed through blazing hours,
In evening cool we preached thy word;
The weariness and tears are ours,
But Thine the harvest, gracious Lord.

O Jesus! Thy great name we praise!
O may thy servants gathered here,
Be filled with power in these days,
That we may serve another year.

Refrain:
O living Savior, help us still
Thy great commandment to fulfill!
Amen.

In the Decatur Review, recently a curious typographical error in the fourth line of the second verse, made it read: "But thin, the harvest, gracious Lord." Perhaps so. It should be "Thine."

Examinations.
The day before conference, has been a busy one. The folks of Shelbyville have waited with patient anxiety the incoming Methodist itinerant and the preacher himself has not been without some trepidation concerning his entrance at his exit from the capital of Shelby county, attractive and quaint with its old-time landmarks and its modern spirit of enterprise. More than 50 undergraduates, have spent the day in final examinations. Dr. W. A. Smith of Virden, formerly pastor of Centenary is chairman of the board of examiners, and before this committee have come not only the undergraduates of the four years course of study, but also a large class of young men seeking admission besides any local minister seeking local deacon's or elder's orders. Twice before during the year have these young men met for review of their studies. June and August, and spent a day in answering written questions on the books assigned for study. The new General Conference law has gone into effect that prevents admission to conference those who have not had an equivalent of a high school education, unless by a special vote of two-thirds of the conference present and voting. Many such men, however, are being temporarily employed by District Superintendents, and many of them are doing good work.

First Arrivals.
Rev. A. F. Waters of Camden, who has just completed a fine church and has done a good years' work, came early to the conference, his father residing near, and his wife also having home formerly in this county. The book concern man, from Chicago, is on hand, and almost a carload of books are on exhibition in the basement of the church, when it is remembered that annual sales of this concern, during the session of the conference—amount to \$2,000. It is not surprising that he is on hand early and smiling. The social feature of an annual conference session is not to be ignored. Men who were neighbors a year ago, or who meet those who have succeeded them in pastoral service are cordial in renewal of inquiries concerning mutual acquaintances and of old time friendships.

Big Program.
While the session is just beginning there has been spread out before the membership and visitors a feast of fine things for the coming week—banquets, reunions, banquets, street preaching, special music, etcetera. Bishop McDowell and wife will be entertained by Dr. J. C. Westervelt, and here will be held the cabinet sessions of the conference, the results of which will be made known on Monday next. Mrs. McDowell is the president of the Woman's Foreign Missionary Society of the church and will address the membership and visitors at the anniversary Saturday afternoon. Dr. William H. Wilson of Washington, D. C., is

here to speak to the women at the anniversary of the Woman's Home Missionary Society, Thursday afternoon. The educational banquet will be held on Friday and Dr. C. H. Stuart, president of Garrett Biblical Institute, will act as toastmaster. Speeches by Dr. Rice, Dr. Ryan, Dr. Hancker, Geo. S. Tarbox, president of the Laymen's Association and Bishop McDowell, will make a fitting conclusion to a fine feast. The Epworth League Anniversary on Saturday night will have as speaker, Dr. W. F. Sheridan, the Corresponding Secretary, who is well known in Jacksonville and whose sister is a teacher in the institution for the deaf and a member of Grace church. On Sunday the chautauqua auditorium seating 5,000 people will be the place of gathering for the morning sermon by Bishop McDowell. Other and interesting features of the program give promise of a great week beginning with this preliminary session of Tuesday evening.

ARENZVILLE.

Albert Zahn has returned from Dakota.

E. Williamson, undertaker of Jacksonville, was called here Friday evening by the death of Mr. E. Wilday.

Mrs. Anna S. Hoagland spent the week end near Exeter at the Berry home.

Mrs. Albert Zahn, little daughter, Lucy, and sister, Miss Katie Weber, went to Beardstown Tuesday evening for a visit with relatives.

Ross Long of Markham accompanied his nephew, Elin Long, home after an extended visit with relatives in and near Jacksonville.

Rev. Mr. Housman of Concord was transacting business here Thursday.

Missionary meeting of the German Lutheran church was Sunday and was largely attended. The music furnished was very good, the singing was fine and speaking was much enjoyed.

Mr. and Mrs. Herman Wessler attended the funeral of Jake Ommen, west of town, Friday morning.

Mr. and Mrs. Bert Long of Markham were entertained at the "Will Menge home Sunday.

Lloyd Yeck spent Sunday in Springfield.

IF CONSTIPATION OR BILIOUS - "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They Work While You Sleep. Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, grassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action, a clear head and cheerfulness for months. Don't forget the children. (Adv.)

THE WOODSON CHRISTIAN CHURCH

Sunday evening two churches of the town united in religious services which were excellent cementing the bonds of Christian union between the two bodies.

The Christian church is preparing for an active fall campaign for better church attendance. The aim is the whole church and as many more in the church services. There will be a series of special days. Next Sunday, Sept. 14th, will be home visiting day or whole family day and all are urged to enter into the spirit of the occasion with a whole heart and last Sunday at the King's business.

Lab Sunday at a business meeting was decided to challenge the Church school or a contest.

The Y. P. S. C. E. will meet next Sunday at 6:30 p. m. sharp; the hour for evening worship is 7:30 sharp. All are requested to work, and pray for success which will come with proper effort.

The general public is cordially invited to attend each service.

Ira C. Smith, pastor.

CARD OF THANKS.

We wish to thank our many neighbors and friends who so kindly assisted us during the illness and after the death of our husband and father for their sympathy and for their beautiful flowers; also Lodge No. 243 O. O. F. for their kindness and for the beautiful floral pillow they presented us.

Mrs. Luella Downs, and daughters.
Ray Harmon of Litchfield is calling on old friends in the city.

CROSS ROADS.

C. E. Reynolds of Greene county moved Saturday to his home, one mile south of Cross Roads.

Miss Grace Hembrough, daughter of James Hembrough, came home from the hospital Friday after having appendicitis. She is getting along nicely.

Mr. and Mrs. Edward Kastrop of Jacksonville spent Sunday with Mrs. Kastrop's sister, Mrs. S. S. Megginson, east of Woodson.

Quite a number of our neighborhood girls started to high school Monday morning. Among the number are Anna Hembrough, Sarah Reese, Pearl Megginson and Iva Green.

Mrs. L. R. Watson and family were Sunday guests at the home of Mrs. Lucy Scott.

Mr. and Mrs. Parke spent Friday with their daughter, Mrs. Joseph Helliwell.

Cross Roads school commenced Monday morning. Miss Lee Turley, teacher.

Isaac Watson's cattle came in Sunday from Kansas City. Mr. Watson is quite a cattle man.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had begun the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." MISSIONARY SOCIETIES MEET

The Missionary societies of Westminster church held their regular meeting Tuesday afternoon with Mrs. W. D. Sanders, 1011 West State street. The foreign topic, "Africa," was presented by Miss Ann McCormick and Mrs. Frank Elliott had the home topic, "Looking Forward." The meeting proved an especially pleasant one and after the program a delightful social hour was enjoyed.

HAS NEW POSITION.

Miss Clara Deters has resigned her position as bookkeeper at the Taylor grocery on West State street, to take a similar position at Passavant hospital, made vacant by the resignation of Miss Rose Fitzgerald. The change is to take effect Thursday. Miss Fitzgerald will take a position as bookkeeper at Miller Brothers' grocery.

THE TEMPERATURES.

The temperatures for Tuesday, according to G. H. Hall, weather observer at Alexander, were: Maximum, 85; Minimum, 63. A rainfall of .29 inches was recorded.

RAILROAD NOTES.

A carpenter force under the supervision of J. Gilbertson is working on the bridges and all wood work of the Chicago and Alton in this vicinity putting things in order for the fall and winter.

Sgt. Colwell of Co. A., has returned from the encampment and is again at his post as porter at the Chicago and Alton passenger station.

John Welch went to St. Louis yesterday by the Alton.

T. A. Chapin and family made a trip to White Hall yesterday via the Alton.

Early yesterday morning as a heavy Burlington coal train was pulling through the city four drawbars pulled loose from that many cars and the East State street crossing was blocked for an hour or more. The trainmen worked hard to clear the track which was finally accomplished and the disabled cars were side tracked.

Several pupils for the State School for the Blind arrived by the Alton yesterday morning and during the afternoon a special car attached to the regular passenger train from the north brought in a lot more.

C. B. Foster, general storekeeper of the Alton at Bloomington has resigned and D. Downing also of Bloomington has been named in his place.

At the C. & St. L. car shops Supt. Ingram has employed four additional boiler makers and three helpers.

No. 5, switch engine, was sent out of the shops yesterday morning as good as new and twice as good looking.

F. A. Flynn employed at the car shops sustained an injury or internal character which will lay him up for a while.

William Hooley, a boiler maker at the car shops, was working at a rivet hole when a piece of steel about the size of an ordinary needle and half an inch long pierced his eye. He hastened to Dr. Gaily who was able to extract the offending metal at once and thinks the sight of the member will not be destroyed.

S. A. Hess, passenger and ticket agent of the Wabash at Decatur visited Mr. Evans of the ticket office in this city yesterday.

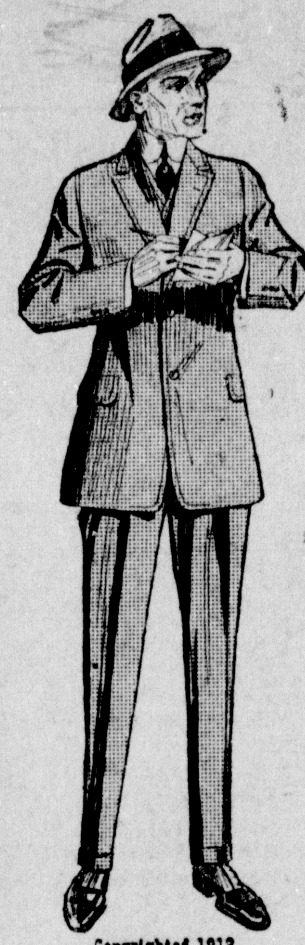

Captain Burnham in charge of a car in the service of the fish commission has been here with four men for several days at the Wabash station awaiting orders from headquarters.

THE WOMAN OF TODAY

Must Prepare Herself for Active Leadership in the Home, the School, the Church, and in Society.

100 PER CENT EFFICIENCY

Should be the aim of every leader in any line of activity. Efficiency means the elimination of waste, the securing of maximum result from minimum of effort. The untrained must give way to those who know. I was asked the other day: "And what is your business, Dr. Harker?" I replied: "The best business there is—that of making women out of girls."

We have many visitors at the College. When they leave they usually express their admiration in unmeasured terms. Every week some father and mother, or young woman, come to see the College for themselves, and in every case they decide immediately. One of them recently said: "We have visited several schools, as we are anxious not to make a mistake. We find that most of the schools do not measure up to our expectations. But the Woman's College is better than its advertisements. If people could be made to understand what you have here, they would not hesitate a minute."

We have an excellent preparatory school in connection with the College. It is not in competition with the Jacksonville High School. But we do want its graduates to continue with their education—to become members of the true aristocracy, the superiority of which lies in keener insight and broader vision.

"Lifting the soul from the common so,
To a purer air and a grander view."

It matters not what line of study you follow, literary work, music, domestic science, art, or expression. It is the fitting yourself to be useful, which makes life better.

Are you keeping pace with the ever changing order of things? Are you getting ready to do the best possible service in every womanly relation—in the home, the school, the church, and in society?

JOS. R. HARKER

Catalogues may be obtained at any of the music or book stores. Registration Days—Sept. 15-16. The College office is open daily from 8 a. m. to 5 p. m. and arrangements may be made at any time.

CHAMBER OF COMMERCE
HOLDS REGULAR MEETINGVARIOUS MATTERS OF IMPORTANCE
DISCUSSED AT SESSION

Chautauqua Receipts and Expenditures About Equal—Favor Separate Organization for Future Years—Secretary Fritchey Retained by Unanimous Vote—Chautauqua Figures.

The September meeting of the directors of the Chamber of Commerce was held Tuesday night. When President Andrews called the meeting to order the following responded to the roll, which Secretary Fritchey called: J. J. Reeve, P. J. Heintz, H. M. Capps, Frank Byrns, Dr. Carl E. Black, G. E. Doyne, G. E. Andre, W. J. Brady, J. G. Reynolds, W. S. Ehnie, O. F. Buffe, C. R. Knollberg, H. J. Rodgers, Dr. Edward Bowe, Henry Frisch and J. W. Walton. Various matters of importance were discussed. A resolution was adopted expressing the desire of the Chamber of Commerce to have the chautauqua managed by an organization outside of the Chamber of Commerce if those interested in the chautauqua are ready to undertake the enterprise. Secretary Fritchey presented a report setting forth the advantages which accrued from the chautauqua and giving a financial statement. The balance on hand is \$205.91, but there is an unsettled bill for electric wiring which is about \$239. The bill is much larger than the committee anticipated and they believe that the bill is somewhat in error and that it may be cut down. The directors voted unanimously to continue Mr. Fritchey as secretary and fixed his salary at \$100 per month dating from July until next February when the annual meeting of the Chamber of Commerce will be held. Mr. Fritchey has been offered several positions at an increase of salary, but prefers to stay here, where he has commenced his work.

At the beginning of the session F. J. Heintz gave an explanation of state aid roads and pointed out the desirability of having a road west from Springfield by way of this city rather than extending toward Beardstown. The talk then drifted to a discussion of good roads in general. In order to get the records cleared up a motion was made and carried that the Chamber of Commerce collect \$250 for the county farmers' institute and \$250 for the poultry show in accordance with a former agreement. President Andrews will appoint a committee of twelve for this purpose.

Just before the session, which lasted more than two hours adjourned H. J. Rodgers spoke of the engine which has been installed on the city light plant at a cost of about \$5,000 or one-third the cost of a new one and expressed the opinion that with an additional expenditure of \$15,000 for another dynamo, wire and lamps that the city could have a complete system of Tusten series and that there would still be power for pumping water. Mr. Knollberg thought that Mr. Rodgers' figures were at least \$5,000 too low.

Secy. Fritchey in his statement expressed his gratitude to all persons who had assisted in making the chautauqua a success and made the point that while there was no balance in the treasury, that a great deal of good advertising had been done for the city and that the enterprise was not intended for making money. Prior to 1905 statement Dr. Black had commented upon the fact that Mr. Fritchey had done splendidly with the chautauqua management when it was taken into consideration that he had so large an amount of the work which was originally assigned to committees.

Some financial facts given in the secretary's report are presented herewith:

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary."

"Talk about luck in baking—"luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range. Then you can buy intelligently and be sure of a range that will last a lifetime—the

TOM THUMB WEDDING DRAWS LARGE COMPANY

Many Friends Witness Unique Entertainment at Centenary M. E. Church—List of Those Who Took Part.

One of the most unique entertainments ever given in the city took place Tuesday evening at Centenary M. E. church when sixty-two children all costumed in correct evening dress carried out a Tom Thumb wedding. Every detail was perfect and every child performed its part admirably. Two ushers introduced each guest, among whom were President and Mrs. Woodrow Wilson, Vice President and Mrs. Marshall, Secretary and Mrs. W. J. Bryan, Col. and Mrs. Theodore Roosevelt, Mrs. Belmont, Mrs. Parkhurst and many other notables.

After the guests were seated Unice Hearle sang "Oh Promise Me," then to the strains of the wedding march from Lohengrin, the bridal party entered. First were the ushers, Wilbur Rowland and John Davis, followed by the flower girls, Mary Helen McCarty, Virginia Martin, Lucile Ledford and Louise McCarty. The bridesmaids came next. They were Frances Boston, Glendora Cannon, Marie Rexroat, Alice Tewksbury, Ring bearer, Ruth Ledford. Then came the groom, Sherwood Owen, with his best man, Billy Martin. The bride, Helen Frances Bristow, came in on the arm of her father, Philip Dyer, and Ida Council was mother of the bride; Tommy Buckthorpe was father of the groom and Idabel Rabjohns, the mother; maid of honor was Joy Rabjohns. The preacher, Bailey Rexroat, used the ring ceremony. After congratulations Joyce Carpenter sang "I Love You Truly."

Next the waiters brought in ice cream and cake and the little folks seemed to enjoy this part of the wedding the most of all. Frank Keil, Byron Ledford, Helen Bergstrom and John Dyer sang solos at the close of the wedding. The decorations were white and green, asparagus and fall foliage being neatly arranged and a beautiful arch was also part of the platform decorations. Mrs. Walter Rabjohns had charge of the music and Misses Florence and Sue Fox of the decorations.

SECURE MARRIAGE LICENSE AFTER MANY DIFFICULTIES

Robert Noe and Miss Edna Arthur Are Still Single Despite Their Efforts to Wed—Mother of the Girl Makes Violent Objections.

Reuben Noe and Miss Edna Arthur who live in the northwest part of Morgan county, secured a marriage license Tuesday, but thus far Mrs. Samuel Crowther, mother of the young lady, has prevented the marriage. Noe came to this county from Tennessee two years ago and worked on a farm of William James near Arcadia. He soon began to pay attention to Miss Arthur and while the mother permitted the young people to "keep company" she objected to their marriage.

They announced recently, however, their intention to be married and Tuesday Noe drove to Miss Arthur's home and she climbed into his waiting buggy while he held the mother. Then he leaped into the buggy himself and the two drove rapidly to Jacksonville to secure a marriage license. Mrs. Crowther, however, telephoned to County Clerk Boruff that the girl was not of age and the license was refused.

Miss Arthur was born in Cass county and Noe got Mr. Boruff to telephone there to see if her age was recorded and it was found that the young lady was born eighteen years ago last March. It occurred to Mr. Boruff also that the mother had some time ago been appointed guardian for her daughter in the Morgan county court and at that time swore to the daughter's age. After these facts had come to light the license was issued.

Here, however, the prospective bridegroom's troubles did not end for when he went to the Emporium to meet his bride to be he found that Mrs. Crowther had preceded him and had taken the girl away with her. Soon afterward he found them on the square and managed to get Miss Arthur to go with him and then Mrs. Crowther secured the aid of Policemen Eads and Tuttle and started in pursuit. The mother was at least temporarily victorious as she finally got started home with her daughter and according to report reached there safely.

Last night Noe called up the Crowther residence by phone, but could get no answer. He is not discouraged, however, and says there will be a wedding within a very short time in which he will figure as the groom and Miss Arthur as the bride. Miss Arthur is said to own a house and lot in Virginia, and to have \$1,400 in money left for her by will.

MORTUARY

Boston.

Word has been received in the city of the death of Mrs. C. C. Boston in San Antonio, Texas, Tuesday morning. Her husband died a year ago last May. Both Mr. and Mrs. Boston for a great many years resided in Jacksonville, having been married here. They also lived in Springfield for a while. She is a cousin of Mrs. W. T. Layton of 305 Woodland place and of Robert Reid who resides in the country. It is expected that the remains will arrive here Friday and the time of the funeral will be announced later. Interment will be made in Diamond Grove cemetery.

Asher.

Word has been received in the city of the death of Taylor Asher, who was killed in an accident Monday morning and died in the afternoon. He made his home in Woodson with an uncle, Elisha Adams and had left some four weeks ago for Minnesota. He leaves three brothers, Charles of Woodson; Robert of Jacksonville and William of the Buckhorn neighborhood; and also two sisters, Mrs. Jas. Dyer of Woodson and Mrs. Laura Sousa of Peoria. The remains are expected to arrive Wednesday. Interment will be made in the Henry cemetery.

MISS ANNA RUTH JACKSON WEDS HOWARD STEVENSON

Ceremony Took Place Last Night at the Residence of the Bride's Parents—Young People Will Reside on Farm.

A simple home wedding took place Tuesday evening at 8 o'clock at the residence of Mr. and Mrs. J. W. Jackson, 606 South Diamond street, when their daughter Miss Anna Ruth Jackson became the bride of Charles Howard Stevenson.

The house was prettily decorated for the occasion, red roses being used in the living room, white roses in the dining room, while the colors white and green prevailed in the parlor. The young people stood before an embankment of ferns and palms, while the ring ceremony was said in an impressive manner by Rev. L. H. Davis, pastor of Westminster church. The ceremony was witnessed by only immediate relatives of the young people.

The bride was dressed in a traveling suit of dark blue. Both she and Mr. Stevenson are graduates of the Jacksonville high school, with the class of 1911. She took an active part in literary and dramatic work at the school and is popular among the younger set of girls. Mr. Stevenson is the son of Mr. and Mrs. Henry Stevenson of West College avenue and aside from his literary pursuits was a well known athlete of J. H. S. Both young people are held in high esteem by many friends and start out their married life under happy conditions.

Following the marriage substantial refreshments were served. They were the recipients of a number of useful and pretty presents. They went north among the lakes for a wedding trip and expect to return in two weeks, when they will reside on a farm on the Mount Road.

AVOID THE BRONCHIAL COUGHS OF EARLY FALL

The changeable weather of early fall brings on bronchitis and a hard cough that is wearing on the system and seems to tear open the bronchial tubes and mucus lining of the throat. Use Foley's Honey and Tar Compound promptly. For it will soothe and heal the inflamed mucus lining, relieve the cough quickly, and help to expel the cold. It contains no opiates. Get the genuine in the yellow package, and refuse substitutes. City Drug Store, J. A. Obermeyer. (Adv.)

WILL HAVE BIG WELL.

A test hole has been drilled on ground adjacent to the Heim green-house and at thirty-five feet water stands to a depth of 21 feet. It is the intention to sink a well there ten feet in diameter. At a point not more than a hundred feet from where this test hole was put down another was put down fifty feet without striking water.
